UFO Sightings of Aug 1967 and 8 Jun 1968

[REDACTED]
Brooklyn, New York 11215

Reference your UFO sightings of Aug 1967 and 8 Jun 1968. Although we consider these sightings too old to investigate properly, we did submit your photographs to our photographic experts. Their findings are as follows:

"There is a definite pattern of light imagery on both prints. There are at least five of these images in addition to the particular one on each print identified by the sender as a UFO. An overlay was constructed for print Nr. 1 with tick marks over each image including that identified as a UFO. When this overlay was applied to print Nr. 2, the tick marks correspond perfectly to the images present. Due to the fact that there is a definite pattern of like images although the field of view differs considerably, it is most likely that there was a pattern of foreign material present on the negative holder of the printing device.

1. The following comments pertain to imagery described by [REDACTED], Jr., Brooklyn, N.Y., on two black and white prints forwarded to FTD for analysis.

2. There is a definite pattern of light imagery on both prints. There are at least five of these images in addition to the particular one on each print identified by the sender as a U.F.O. An overlay was constructed for print Nr. 1 with tick marks over each image including that identified as a UFO. When this overlay was applied to print Nr. 2, the tick marks correspond perfectly to the images present. Due to the fact that there is a definite pattern of like images although the field of view differs considerably, it is most likely that there was a pattern of foreign material present on the negative holder of the printing device. The grid overlay is being forwarded with the returned prints to TDPT/UFO.

Dear Gentlemen,

I'm writing you this letter to tell you what my friend and I saw.....

It was on June 8th 1968 when my friend and I saw a Flying SAUCER, (U.F.O.). It was a round object with different colors. It looked like this, example.

WHAT DO YOU THINK OF IT??

We saw another one in, August of 1967, when my friend, his mother and I went to a Ferry Boat Ride, around Manhattan Island. I have two pictures of it!

TURN THE PAPER

What do you think about
those two pictures ? ? ? ? ?

Could you please return the
pictures after you looked at it?

Thank - You
